
Web Announcement 10 – Crossover Claims from Noridian

We are pleased to announce that Medicare Part B claims from Noridian will now automatically cross over to First Health Services for those patients that are Medicaid eligible for the co-insurance and deductible amounts.

We will begin processing those claims on Monday, December 22, 2003. If you have previously submitted a “Medicare Crossover Claim Form” to First Health Services, you may receive remittance advices that indicate, “Duplicate claim previously processed” as we are continuing to process the crossover claims we received.

First Health Services continues to work with other Medicare intermediaries to receive their files as well. We will post a web announcement for those specific Medicare carriers after we have testing completed and subsequent files.

If you have any questions, please contact our Provider Inquiry Unit at (877) 638-3472.
